

HASSON ASSOCIATES

Head of Research, Policy and Impact

Closing Date: 24/10/24

**Thomson
Foundation**

HASSON ASSOCIATES

Hasson Associates are pleased to be working **exclusively** with **Thomson Foundation** to recruit this **new and exciting** role.

HASSON ASSOCIATES

The Company:

For more than **60 years**, Thomson has been working **with independent media globally**.

Thomson helps media **innovate to survive and grow, supports journalists working in difficult places, shows communicators how to tell their stories and connects media and civil society with governments, donors and tech around the biggest challenges of our age.**

HASSON ASSOCIATES

The Role:

This role has been created to **capitalise on the extensive research** Thomson conducts and to **add commercial value** to the work. You will **lead all research and M&E across the organisation** working with **programming and development** to ensure that the insights delivered inform policy – internally and externally – and guide programming.

A **core purpose of this role is to use the data gathered through research** to create other **products and services** that will **generate income for the organisation and draw in new funding.**

HASSON ASSOCIATES

About you:

You should be an **experienced researcher** with **experience in a broad range of methodologies, qual, quant, open source**. You should be willing to be **hands on** whilst you grow this aspect of work and the team. You **must be highly commercial** with **proven experience of generating revenue from research**.

HASSON ASSOCIATES

Location & Salary:

Flexible location and **fully remote option available**, however **must be compatible with UK/EU time zones**. For candidates based in **London/Berlin**, the role is hybrid, with **2 days per week in-office**.

Salary is dependent on experience.
